Report on Review of Interim Condensed Consolidated Financial Information

To the board of directors of
Tamdeen Real Estate Company – KPSC
Kuwait

Introduction
We have reviewed the accompanying interim condensed consolidated statement of financial position of Tamdeen Real Estate Company – KPSC (the "Parent Company") and its Subsidiaries (together referred to as "Group") as at 30 September 2026 and the related interim condensed consolidated statements of profit or loss and profit or loss and other comprehensive income for the three-month and nine-month periods then ended and, interim condensed consolidated statements of changes in equity and cash flows for the nine-month period then ended. Management is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard 34, "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of Review
We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion
Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34, "Interim Financial Reporting".

Report on review of other legal and regulatory requirements
Based on our review, the interim condensed consolidated financial information is in agreement with the books of the Parent Company. We further report that, to the best of our knowledge and belief, no violations of the Companies Law No. 1 of 2016 and its Executive Regulations, or of the Memorandum of Incorporation and Articles of Association of the Parent Company, as amended, have occurred during the nine-month period ended 30 September 2026 that might have had a material effect on the business or financial position of the Parent Company.

We further report that, during the course of our review and to the best of our knowledge and belief, we have not become aware of any material violations of the provisions of Law No. 7 of 2010 concerning the Capital Markets Authority and its related regulations, as amended, during the nine-month period ended 30 September 2026 that might have had a material effect on the business or financial position of the Parent Company.

Notes to the interim condensed consolidated financial information (continued)

2 Basis of preparation

The interim condensed consolidated financial information of the Group for the nine-month period ended 30 September 2026 has been prepared in accordance with International Accounting Standard 34 "Interim Financial Reporting".

The annual consolidated financial statements for the year ended 31 December 2025 were prepared in accordance with the IFRS Accounting Standards as issued by the International Accounting Standards Board ("IASB") ("IFRS Accounting Standards").

The interim condensed consolidated financial information is presented in Kuwaiti Dinar ("KD"), which is the functional and presentation currency of the Parent Company. All amounts are rounded to the nearest thousand (KD '000), except when otherwise indicated.

The interim condensed consolidated financial information does not include all information and disclosures required for complete financial statements prepared in accordance with the IFRS Accounting Standards. In the opinion of the Parent Company's management, all adjustments consisting of normal recurring accruals considered necessary for a fair presentation have been included.

The operating results for the nine-month period ended 30 September 2026 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2026. For further details, refer to the consolidated financial statements and their related disclosures for the year ended 31 December 2025.

3 Changes in accounting policies

The accounting policies used in the preparation of this interim condensed consolidated financial information are consistent with those used in the preparation of the annual consolidated financial statements for the year ended 31 December 2025 except for the adoption of the amendments to the IFRS Accounting Standards effective as of 1 January 2026 as described in note 3.1. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

3.1 New and amended IFRS Accounting Standards adopted by the Group

The following amendments were effective for the current period:

IFRS 7 and IFRS 9 Classification and Measurement of Financial Instruments - Amendments

The amendments to IFRS 7 and IFRS 9 address three changes and are required to apply the amendments retrospective without restating prior periods to reflect the application of the amendments, but may do so if, and only if, it is possible to do so without the use of hindsight.

a) Derecognition of a financial liability settled through electronic transfer whereby entities are permitted to deem a financial liability (or part of it) that will be settled in cash using an electronic payment system to be discharged before the settlement date if specified criteria are met. An entity that elects to apply this derecognition option would be required to apply it to all settlements made through the same electronic payment system.

   Classification of financial assets based on a) contractual terms that are consistent with basic lending arrangements, b) assets with non-recourse description has been enhanced to include a financial asset has non-recourse features if an entity's ultimate right to receive cash flows is contractually limited to the cash flows generated by specified assets, and c) contractually linked instruments have been clarified, and

Notes to the interim condensed consolidated financial information (continued)

3 Changes in accounting policies (continued)

3.1 New and amended IFRS Accounting Standards adopted by the Group (continued)

IFRS 7 and IFRS 9 Classification and Measurement of Financial Instruments - Amendments (continued)

b) Disclosures relating to a) financial assets at FVTOCI where entities are required to disclose fair value gain or loss separately for financial assets derecognised in the period and the fair value gain or loss that relates to investments held at the end of the period, and b) contractual terms that could change the timing or amount of contractual cash flows on the occurrence (or non-occurrence) of a contingent event that does not relate directly to changes in a basic lending risks and costs.

The adoption of the amendments did not have a significant impact on the Group's interim condensed consolidated financial information.

Annual Improvements to IFRS Accounting Standards – volume 11
The annual improvement project updates a number of standards primarily providing clarifications and removing inconsistencies.

The adoption of the amendments did not have a significant impact on the Group's interim condensed consolidated financial information.

4 Judgement and estimates

The preparation of interim condensed consolidated financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates.

In preparing this interim condensed consolidated financial information, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the annual audited consolidated financial statements as at and for the year ended 31 December 2025.

5 Subsidiaries

5.1 During the period, the Group through one of its subsidiaries acquired a 56% interest in Falcon Holding S.P.V. Ltd, which owning 100% interest in 4Sale International General Trading Company – SPC. The purchase consideration amounted to KD20,098 thousand, which was paid in cash during the current period.

The acquisition method was used in accounting for the business combination. Accordingly, the identifiable assets acquired and liabilities assumed of the subsidiary were recognised using provisional fair values as of the acquisition date. The purchase consideration (also known as the "purchase price") was allocated to the identifiable assets acquired and liabilities assumed using provisional fair values as of the acquisition date. The goodwill recognised based on the provisional allocation of the purchase price represents the excess of the purchase consideration transferred over the provisional fair value of the net identifiable assets acquired. The allocation of the purchase price may be adjusted within a twelve-month period from the acquisition date, as further information is obtained regarding the fair value of the identifiable assets acquired and liabilities assumed, including adjustments to the business model, if necessary.

The following is a statement of the provisional fair values of the identifiable assets acquired and liabilities assumed as of the acquisition date:

Notes to the interim condensed consolidated financial information (continued)

5 Subsidiaries (continued)

	KD'000
Cash and cash equivalents	652
Accounts receivable and other assets	110
Other assets	165
Intangible assets	20,526
Accounts payable and other liabilities	(257)
Provision for employees' end of service benefits	(193)
Provisional fair value of net identifiable assets acquired	21,003
Less: non-controlling interests	(9,241)
Group's share in net identifiable assets acquired	11,762
Purchase consideration	20,098
Provisional goodwill	8,336

Net cash outflows resulted from acquisition is as follows:

Purchase consideration	(20,098)
Less: cash and cash equivalents in the subsidiary as at the acquisition date	652
Net cash outflows	(19,446)

If the acquisition had been completed on of 1 January 2026, the Group profit for the period would have been increased by KD244 thousand.

5.2 During the period, the Group's ownership interest in Al Madina Al Thaniya General Trading & Contracting Company - W.L.L decreased from 100% to 60.69% as a result of the Group's partial participation in the subsidiary's capital increase and the entry of new shareholders. Consequently, non-controlling interests increased by KD7,991 thousand and retained earnings increased by KD9 thousand.

6 Basic and diluted earnings per share

Basic and diluted earnings per share is calculated by dividing the profit for the period attributable to the owners of the Parent Company by the weighted average number of the outstanding shares during the period excluding the treasury shares as follows:

Refundable rental deposits	**6,505**	6,577	6,631
	206,948	202,574	204,938

21.2 Fair value measurement

Fair value represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments at fair value through other comprehensive income are carried at fair value and measurement details are disclosed in note 21.3 to the interim condensed consolidated financial information. In the opinion of the Group's management, the carrying amounts of all other financial assets and liabilities which are at amortised costs are considered a reasonable approximation of their fair values.

21.3 Fair value hierarchy for financial instruments measured at fair value

The following table presents the financial assets which are measured at fair value in the interim condensed consolidated statement of financial position in accordance with the fair value hierarchy.

This hierarchy groups financial assets into three levels based on the significance of inputs used in measuring the fair value of the financial assets. The fair value hierarchy has the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the assets, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the assets that are not based on observable market data (unobservable inputs).

21 Summary of financial assets and liabilities by category and fair value measurement (continued)

21.3 Fair value hierarchy for financial instruments measured at fair value (continued)

The level within which the financial assets are classified is determined based on the lowest level of significant inputs which lead to the fair value measurement.

The financial assets measured at fair value in the interim condensed consolidated statement of financial position according to the fair value hierarchy are as follows:

	Level 1 KD'000	Level 3 KD'000	Total KD'000
30 September 2026 (Unaudited)			
Financial assets at fair value through other comprehensive income:			
• Quoted shares	**200,400**	**-**	**200,400**

• Quoted shares	197,024	-	197,024
• Unquoted shares	-	652	652
	197,024	652	197,676

There were no transfers between the levels during the current period.

The valuation methods and techniques used for the purpose of measuring fair value are unchanged compared to the previous reporting period.

21 Summary of financial assets and liabilities by category and fair value measurement (continued)

21.3 Fair value hierarchy for financial instruments measured at fair value (continued)

Level 3 fair value measurements

The Group's financial assets and liabilities classified in Level 3 uses valuation techniques based on significant inputs that are not based on observable market data. The financial instruments within this level can be reconciled from beginning to ending balances as follows:

	30 Sept. 2026 (Unaudited) KD'000	31 Dec. 2025 (Audited) KD'000	30 Sept. 2025 (Unaudited) KD'000
Balance at the beginning of period/ year	**654**	652	652
Change in fair value	**(1)**	2	-
Balance at the end of period/ year	**653**	654	652

Changing inputs to the level 3 valuations to reasonably possible alternative assumption would not change significantly amounts recognised in profit or loss, total assets or total liabilities or total equity.

22 Comparative figures

Certain comparative figures have been reclassified to be consistent with the presentation of interim condensed consolidated financial information for the current period. This reclassification did not have any impact on the total assets, total equity and results for the comparative period/year.

23 Geopolitical developments

Management has considered the ongoing geopolitical developments in the Middle East that have affected GCC countries, including the State of Kuwait, resulting in regional disruptions, together with any other relevant market or economic developments. These developments continue to evolve and have created increased business and economic uncertainty. Based on the information available to date, management has not identified any material impact on the Group or on the fair value of its investments; however, the impact of the highly uncertain economic environment on the reported amounts of the Group's financial and non-financial assets remains judgmental, and the related financial effects cannot be reliably estimated due to the evolving nature of events. The reported amounts represent management's best assessment based on information available as at the date of authorization of this interim condensed consolidated financial information, and management will accordingly continue to reassess its position and the related impact on a regular basis. Management has not identified any subsequent events or transactions that would require adjustment to, or disclosure in, this interim condensed consolidated financial information, and continues to monitor the situation and its potential implications for the Group.
